

FROMUZ

OVERLOOK

Hailing from Tashkent, Uzbekistan, FROMUZ returns with the follow-up to their fiery debut with a new selection of intensely melodic hard prog-rock fusion on their newest CD release, *Overlook*. Displaying nearly 70 minutes worth of blistering instrumental prowess, FROMUZ continues in the musical direction they have already established, while simultaneously stretching into adventurous new territory.

All original members of FROMUZ are back for the five epic tracks that make up *Overlook*, as they once again prove themselves to be among the most passionate and talented musicians on the planet today. The CD features state-of-the-art production and mixing and was mastered by veteran mastering engineer Brad Blackwood (Evanescence).

“As powerful and talented as Planet X, Karcus, Liquid Tension Experiment, or Spaced Out, with the compositional flair of bands like The Mahavishnu Orchestra and Return to Forever, FROMUZ lay waste to the audio landscape, taking no prisoners and leaving no stone unearthed.”

- Pete Pardo - *Sea of Tranquility*
