## THE WAY

TCP is a project based around the collaborative spirits of Henry Tarnecky - vocals [Pennsylvania, USA], Blake Tobias - keyboards, bass [New York, USA], and Jack Wright - guitars, drums [Maryland, USA]. On their debut CD, The Way, they are joined by a variety of special guests who help to forge the unique TCP sound

Deftly blending elements of classic-era progressive rock with a healthy dose of modern rock sensibility, the eleven tracks that make up The Way showcase a dynamic blend of dark, melodic vocals with extended instrumental interplay.

Layers of soaring guitar and keyboard passages lock into a solid foundation of shifting and complex rhythms, delivering over 70 minutes of intense and expertly produced music.

*"My bottom line is this is fabulous music, well played with passion...what more could you want?"*

*- Chris Watson - Guitarist/Black Rose, UK*
